PRESIDENT'S MESSAGE

गर हासिल में नहीं तो तलाश में कट जायेगा,
गर हकीकत में नहीं तो काश में कट जायेगा,
मुमकिन है इस पत्थर की कोई मूरत ही ना हो,
मगर यह कम नहीं कि वक्त तराश में कट जायेगा |

Friends, soon after when I took over as President of NABI in February this year during the annual conference at Kandaghat, Shimla Hills, the World was engulfed in COVID 19 Pandemic . I had plans for the progress of the organization, both academic and social . However all plan got shelved by the pandemic . But then the above quote inspired me and

with like minded colleagues we picked up the agenda of NABI WEB SERIES , both for professionals and for common man. So far we have conducted around 12 such programs , mainly on NABI platform and some in collaboration. To mention a few of public awareness webinars like Prevention of Kitchen Burns, avoid injuries during Diwali and First aid at home in COVID times. The video recording is available on the Facebook page of the NABI.

Much had been given to us so much was rightfully being expected from us.

Burns are 4th leading cause of death in USA. Indian scenario burns more worse due to lack of proper burn care facilities around 7 million suffer from burn injuries and 1.4 lacks deaths with another 2.4 lakhs end up in disabilities every year. Not only fire burns but lately crime against females increased with increasing incidence of clinical burns.

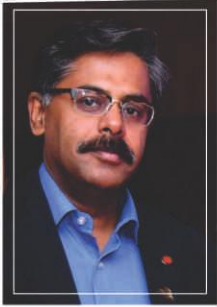

I sincerely hope & pray that collectively we make effort to ease out the difficulties of these unfortunate ones. "Prevention is better than cure". Educate masses, to prevent burns, provide first aid in burns shall go a long way in decreasing morbidity and mortality.

Let us join hands to fulfil our duty has a leader of community and make a promise of each one reach one to help in reduction of this preventable eventuality.

Wish you all a happy and prosperous new year.

Dr.Sanjeev K. Uppal
President

SECRETARY'S MESSAGE

Esteemed Members of NABI,

Greetings from the office of National Academy of Burns India.

There are winds of change in the world and the Association as well. The conference of 2020 was a watershed, being the first meeting delinked from presidency. And it was grand success! NABICON 2020 organized in the pristine Himalayas was well attended and academically very fruitful. Dr. Sanjeev Uppal deserves standing ovation for this endeavor.

The year has witnessed the worst medical crisis mankind has faced in recent time, the Covid 19 pandemic. The medical fraternity world over cutting across all specialty are fighting valiantly. Many have laid down their lives. NABI salutes and pray for these brave hearts. Burn management has been a challenge during Covid time as well. But burn surgeons and specialists have devised many innovations to tide over these challenges and have been providing burn care.

The year has taken many toll and our association is no exception. The EXCO recently took a unanimous decision to call the year 20-21 a null year. Consequently, there will not be any conference and GBM in this year and the tenure of the incumbent office bearers will get extended for one year.

But even during this phase of gloom NABI has tried to keep the academic connect with members and society. The NABI Tutorial and Public Awareness Webinar, an initiative of our President is being ably executed by Executive Members Dr. Veena Singh and Dr. Raj Manas. Their efforts are commendable.

NABI is growing, last year we had 40 new members joining the Association. But as the Association grows so does the challenges of running its affairs in right direction. Let us all strive to make NABI strong and relevant rooted to the values on which it stands and bind us all.

Wishing you all a Happy and Prosperous New Year !
Jai Hind

Prof (Dr.) Sameek Bhattacharya
Hony Secretary

TREASURER'S MESSAGE

Esteemed members of Academy,

New year greetings from the desk of Treasure NABI.

Dear Friends , We have been going through a very tumultuous phase of our lives. Covid 19 has brought a paradigm shift in our day to day life, The activities of the Academy have also been affected significantly leading to the declaration of the current year as null. Registration of new members till the date are also less in comparison to the last year. Corpus amount of the Academy is augmented mainly by addition of registration fees of new members and Interest accumulated in various Fds. NABI Tutorials and Public burn awareness webinar, conceived by our President , is a welcome move for the activities of Academy. Let us all fight against the Covid 19 with all our might and by observing all precautions against Covid 19. I wish all the esteemed members a healthy and happy new year 2021.

Dr Shardendu Sharma
Honorary Treasurer, NABI

NATIONAL ACADEMY OF BURNS INDIAN
ATTENDANCE SHEET
ANNUAL GENERAL BODY MEETING
22-02-2020, KANDAGHAT
The Minutes of the Annual General Body Meeting of the
National Academy of Burns India
Held on 22.2.2020 at Kandaghat, HP.

The meeting was attended by the following members:

Sno.	Name	Sno.	Name
1	Dr Sumesh Balakrishnan	36	Dr Sanjay Kumar
2	Dr Kush Aeron	37	Dr P K bilwani
3	Dr AkshayAnchan	38	Dr NimmiLalwani

NATIONAL ACADEMY OF BURNS INDIA

In the opening remarks Dr. Vinita Puri, President NABI said that this was first time that the conference was being organized where the presidency is delinked from the conference organization. She emphasized that Dr Uppal has done an amazing job of organizing the conference with his team. She thanked the team also placed on record that Dr. Bharti, Dr. Uppal's wife for her effort in organizing the conference. Dr. Puri requested the Hony Secretary Dr Sameek Bhattacharya to conduct the Annual General Body meeting.

Secretary Report by Dr. Sameek Bhattacharya

The agenda of the meeting was circulated in the 24th Newsletter and posted on the website as well. The meeting was conducted as per the same agenda.

The members were informed about the sad demise of esteemed and senior Member Dr Jyotsna Murthy. The General Body observed one minute of silence to pray for peace of the departed soul. An obituary message was read out by President Dr Vinita Puri.

The minutes of the last GBM of 2019 circulated in the Newsletter No. 24 which was approved by the EXCO, was placed for General Body's approval and the same was approved.

The 27th NABICON was organized by our past President Dr Arun Kumar Singh and he did splendid job by organizing it in the camp city of Prayagraj during auspicious event of Mahakumbh. It was a mammoth task and he will always be remembered for this unique endeavour. The Hony Secretary informed that Dr Singh has also made a saving of 4 lacs rupees that he will transfer to the NABI account. He also proposed the utilization of this saving by NABI that is 10% of this 4 lacs i.e. Rs 40000/- will go to the headquarter fund, 90% of 4 lacs i.e. Rs 3,60,000/- will be invested in a corpus by the name "NABI Kumbh Professorship". Each year 85% of accrued interest of 3,60,000/- will be disbursed as the Professorship Award and remaining 15% would be invested back in the corpus to augment it. Dr. Singh has informed that the detailed guidelines pertaining to the selection of the awardee will be prepared and sent to NABI. The said proposal was approved by EXCO and placed for approval by GB and the same was approved.

The Midterm CME was conducted by Ranjit Kumar Sahu at Jodhpur AIIMS, in the month of August. It was a very well attended CME and one of the high points was, demonstration of burn dressings. Dr. Sahu presented a saving of Rs 10000/- which was transferred to the NABI. The General Body applauded Dr. Sahu for his efforts in organizing a fruitful CME.

In the year 2019-20 40 new members joined our association i.e. 4 associate and 36 full life members. The General Body appreciated the efforts of the Secretary for the membership drive.

It was proposed by the Hony Secretary that all members should be issued a E-Certificate. The proposal was approved by the EXCO and was placed for approval of the GB. The same was approved and the GB ruled that a paper certificated should also be issued to all members. The Hony Secretary was entrusted with the task.

The NABI Website was being maintained and its domain had been paid for another three years. All the rules regulations, past newsletters were archived in the website. The Hony Secretary thanked Dr Suajata Sarabahi, previous Secretary, for maintaining the archive very well.

There was a suggestion by EXCO that there should be an academic section in this website. Sofor the start, Dr Sahu's suggested that his video regarding burn dressing from the Mid Term CME would be uploaded on the website. Dr Piyush also said that he would provide some videos regarding burns for the website. The newsletter was posted on the website and distributed by email.

The last year Travelling fellowship was awarded to Dr Shilpi Baranwal ,but she did not avail the same and hence the fellowship award was not awarded to her.

The Secretary's Report was Approved

Treasurer Audit Report by Dr Sharad Sharma

Financial status has remained stationary as before as the income was mainly from membership drive, interest from various Fixed Deposits and contributions from NABICON savings.

Income from memberships: In 2018-19 30 new members joined the association, 35 as life member @ 7000 and 5 as Associate life member@3500. Total membership amount---Rs 2, 62.500/-

Audit report of NABICON 2019 was received from Dr A K Singh. and forwarded to CA for final auditing and filing of ITR.Dr. AK Singh had also informed of the contribution of Rs. 3,89054 as the savings from NABICON 2019.

All FIXED DEPOSITS (8 with Syndicate bank, LNJP hospital and 10 with SBI Ansari nagar, AIIMS) have been updated on due dates for one year/ three years.

Closure of bank account of NABI 2018 was done and NABI 2019 account closure report wasawaited. Amount of Rs.4,13591/- was transferred on 11th Jan to the NABI account after closure of the NABI Journal account in Mumbai.

Regarding redemption of Templeton Investment Fund which needs KYC Updation

Inclusions of previous FD's ID no. ID-1045079 of Syndicate Bank in Headquarter Fund.

The treasurer said with the rates of interest of fixed deposits coming down to almost 6%, the interest received has also gone down tremendously which would affect the award amount been given in the upcoming years. He suggested that as the private banks (IDFC, other small payment banks) are offering interest upto 9% on FD's few FDs may be transferred or opened in these banks.

The Treasurer said that next year onwards, 85% of the interest accrued of the corpus amount would be disbursed as award money and the remaining 15% would be invested back in the corpus to augment it. So all the awards that had year mark corpus would be managed like this. This way the proportion which is used to avoid paying income tax. i.e if the spend 85% of the income , we are not liable to pay income taxes.

The treasurerinformed that GST was not being levied on membership as of now. The EXCO had resolved that the GST was to be levied on membership fees and to be filed at the rate of 18% . For this financial year, the GST amount would be paid by NABI and from next financial year, the GST would be charged from the new members and a revised fee structure inclusive of 18% GST would be posted on the website.

Editor's Report by Dr. Vijay Kumar

At the outset Dr. Vijay Kumar thanked the co-editors, Dr. Venkateshwaran , Dr D. Upadhyaya , Dr Durga Karki and Dr R Ravindra Bharti. He informed that as per new regulation of MCI the Journal was indexed with DOAG and hence was recognized. The latest issue was released online on time and journal copy was dispatched. The present issue included Editorial, know your burn unit, the burn unit was about Atal Bihari Bajpai Institute of Medical Sciences, RML Hospital, Guru speak, one review article, 15 original articles, 4 case reports and one letter to Editor. The acceptance rate for this year was 64% and around 95 reviewers reviewed the articles this year. He also informed that there were 5 international articles from USA, Ghana, Nepal, Japan and Thailand.

This year RNI registration was applied for. The publishers had informed that it was signed by the magistrate and it was now in process of submitting the signed application to RNI officer. After this registration, process for permanent indexing would be started. He said that the problem faced was that there was only one issue per year since there was very few articles and two issues was possible only when there was around 80 articles. He requested the General Body members to send more articles. He concluded the report by thanking all the reviewers.

The Editor's Report was Approved

Awards and Fellowships for the forthcoming year

Mrs. Phoolan Devi Gupta award for outstanding work in field of burns 2020-21

Dr Rajiv Aggarwal's proposal was approved

Research Award 2020-21

No nomination

Honorary Membership

None conferred

NABI Best Paper Award-21

Dr Gaurav Bhatia

Bid for Conference of 2020

The secretary apprised the House that in the last GBM there was detailed discussion regarding rotation of Conference and delinking the same from presidency. After detailed discussion, the guidelines of the rotation of the conference were formulated and approved by the GB. The same was posted on the website along with the 5-year calendar. The agreed sequence of rotation was North, East, South, West and Central. The states were divided in 5 zones as per State Organization Act 1956, Govt of India and closing date of bid being 30th of Oct. The secretary informed that no bid was received from the Central zone, which is the eligible bidder for 2022.

Dr. S. Raja Sabapathy said that the basic premise of the rotation of conference was that every zone gets the chance to organize the event at an equal interval of time. He emphasized that although the prospective 5-year calendar made during the GBM of 2019 was fine, he wanted to bring to the notice of the GB how the conference had actually rotated since the rotation system was in place. He informed that in 2018 NABICON was organized in East Zone (Gwahati), in 2019 in Central Zone (Prayagraj), in 2020 in North Zone (Kandaghat), and in 2021 it would be in West Zone. He said since in the period between 2018 to 2021 all zones have been covered except the South zone, he proposed that the 2022 NABICON should be held in South zone, which will justifiably cover all zones in a span of five years.

Dr. Subodh Kumar said although he wished to bid for hosting NABICON 2022 in the Central zone, but keeping in mind the greater idea of having conference in different zones, he supported Dr Raja's bid for organizing it in South zone. But he also said the year ie 2023 should go Central Zone.

Dr. Karoon Agarwal said considering the discussion and the deliberations of the last GBM, in making the conference rotation guidelines, he emphasized that the it was important to respect the deliberations of the 2019 GB, and uphold the decisions of the GB. He said the rotation guidelines was well designed and there should not be any change in the calendar, and since there were no bids from Central zone the president should decide where to organize NABICON 2022.

Dr S Ganapathy Krishna said just because the previous GB had decided something and the present GB meeting had an equal right to amend the decision of the last GB. He said that as informed by Dr. Raja if South zone gets chance to hold the conference in 2025 as per the present calendar it would after 14 years since conference was last held in South which was not fair to the South zone. Hence he emphasized that the present GB should change this decision of GB 2019.

Dr Nirmala Poonambalam insisted that there should be consensus in the house in deciding the venue of 2022 conference.

Dr. Piyush said that in 2017 GB, it was the turn for South to bid for the conference of 2019 and since there was no bid from South Zone the then president Dr P S Bhandari organized it in Delhi. He said that in last GBM this calendar was formulated after detailed discussion and if we change it this year it is possible the next year we may change again.

Dr. P. K. Bilwani said that the conference rotation calendar was concluded after a very detailed deliberation and it should not be changed. He said this rotation should be followed otherwise every year the same problem will occur.

Dr. Lalit Makhija said that what was decided in last GBM, was good and conclusive and there was no need to change the calendar. He said this would set a wrong precedence and next year someone again can ask for a change.

Dr. A. K. Singh said that this system of rotation had some problem in the beginning and he had put in lot of efforts in sorting it out. He emphasized that as it had taken lot of efforts and deep understanding between the incoming President and the then President and somehow a rapprochement and consensus was reached, hence whatever had been formulated should continue.

Dr. Vinita Puri said that the basic spirit of rotation of conference was that the conference rotates in all zones. She underscored that it was a fact that from 2018 to 2021 all zones are covered except the South. Since all other 4 zones have had the chance and if we let the conference go to South in 2022, it will rotate in all 5 zones as per the spirit of rotation. She concluded that by sticking to rules so much we should not forget the basic spirit of rotation and proposed that the 2022 conference should go to South and subsequently the conference rotates as per the previous guidelines and the next conference will be held as

2023 – East Zone, 2024 – Central Zone, 2025 – North Zone, 2026 West Zone and 2027- South Zone.

Dr. S. P. Bajaj said this way if we keep changing rule made by GB we would be doing it every year.

Dr. Sameek Bhattacharya said during the GBM of 2019 rules were formulated regarding rotation of conference in the future. Since a decision of previous GBM was being revised, fresh resolution must be passed.

As proposed by the President following resolutions were passed to negate the rules of rotation made in GB 2019

Resolution 1: “The Rotation calendar made during GBM 2019 don't hold good and it should be changed”
Majority approved

Resolution 2: “The conference of 2022 should go to South Zone”
Majority approved

Resolution 3: The calendar of rotation 2023 onwards: East (2023), Central (2024), North (2025), West (2026), and South (2027)

Majority approved

Resolution 4: The bid of the conference of 2 years later should come to the secretary before the executive meeting of the next year conference.
Majority approved

Other matters

1 Dr Seema Rekha Devi had given a proposal of donating Rs 1 lac, which could be invested in the corpus and interest to be given out as “Burn Survivor Achievers Award”. The Exco deliberated on this point and she was advised to send detailed guideline regarding the rules pertaining to the selection of the awardee that she agreed to do the same. The matter would be taken up in the next EXCO meeting.

2. Issue regarding the use of NABI Logo by the member for their professional or personal use was discussed. It was emphasized by the secretary that the logo was the property of the Association and sought the opinion of GB. It was suggested that members both Associate member or full life member, cannot use the logo for their personal activities It is also concluded that the logo must not be given for commercial purpose to anyone.

Elections for Office Bearers

Completion of Tenure

Dr Subodh Kumar and Dr Manoj Jha finished their tenure of 3 years in 2020 as executive member and the secretary, on behalf of the Association, thanked them for their contribution.

NABICON2020

A Report

NABICON 2020

A REPORT

NABICON 2020 was organized at Kandaghat, Shimla Hills from 21st to 23rd February 2020 by Dr Sanjeev Uppal, Chairman Organising Committee and his team. The mega event was attended by over 200 delegates including faculty from India and abroad.

The conference was formally inaugurated by the Chief Guest Dr Ravinder Singh, an eminent surgeon and former Director Medical Education Punjab. Dr Rakesh Mahajan, Director Health services Punjab was the Guest of Honour.

The conference started with the Nursing Training Sessions on 21st morning. Nearly 80 nurses from Himachal, Punjab and Chandigarh hospitals participated. The faculty during this unique training programme included Dr Jaya Kuruvilla, Ms Prajakta Hindlekar, President and Secretary of Critical Care Nursing Association, Ms Pratibha Sharma from Indore, Dr Bharti Kawatra from Christian Medical College, Ludhiana, Dr Anjay Khandelwal from USA and Ms Pooja Nair from Mumbai. There were podium presentations which were followed by 5 workstations of 15 to 20 participants each with 2 trainers on Inhalation Burns, Scar Management, Fluid Management, Pain Management and Burn Wound Management.

The academic sessions of the conference were carried out in two halls simultaneously. There were plenary sessions and in all 95 talks and papers were presented during the three day conference. The faculty included mix of overseas and Indian experts. Eminent foreign faculty included Dr Anjay Khandelwal and Dr Devesh Sharma from USA, Dr Ram Velumuri from UK, Mr Emilio Galeo from UAE.

Prestigious Bhiman Das Bilwani Oration was awarded and delivered by Dr Sanjeev Uppal. Other orations delivered were by Dr Devesh Sharma from USA – Safdarjung Professorship Award, Dr A K Singh – Phoolan Devi Gupta Award and Dr Sunil Keswani – Lok Nayak Hospital Visiting Professorship Award.

There were some unique sessions introduced for the first time like :-

- How I Do It – Videos Session conducted by Dr Nikhil Panse.
- Kaun Banega Burns Champion – Quiz Contest with Dr Venketeshwaran Narsimha as Quiz Master.
- Burn Care India 2030 conducted by Dr Veena Singh.
- Burns Parliament -Open house conducted by Dr Shobha Chamania and Dr Sanjeev Uppal.

Glittering Cultural Programmes were organized on the evenings of 21st and 22nd February and many delegates also showcased their talent like dance performances, songs, etc. There was a presentation by a professional troupe based on traditional dances of Punjab like giddha and bhangra and Himachali dance. All the delegates later on danced to the music of DJ and had distressed themselves.

NABICON 2020

A REPORT

The spouses and children were specially taken care of and kept busy . Trips to the Highest Cricket Ground in the World at Chail and Heritage Park at Solan were organized for them . A special Mehandi session was there for wives of the delegates and female delegates .I Ethnic Himachali Dresses were made available by the organisers for getting one and all photographed . A Cookery Class was organized . There were Fun Games for all with attractive prizes .

A Mountain Trekking expedition was organized on 22 nd February at 6.30 am . It was led by Dr Vinita Puri, President NABI 2019. On 23rd February morning a Bird Watching tour led by Dr J S Kohli and Dr Sameek Bhattacharya was organized in the hill area near venue . Both these adventure tours were a great hit with the delegates and accompanying persons .

Executive and the general body meetings were held . The elections for the post of Vice President and Executive members were also held . Dr R K Srivastava was elected as Vice President . Dr Smitha Segu , Dr Rajeev Aggarwal and Dr Raj Manas were elected as executive members .

Dr Sanjeev Uppal was installed as President NABI 2020 by the outgoing President Dr Vinita Puri in customary medallion transfer . The conference ended on a pleasant note and the organizing committee members were honoured . Dr Sanjeev K Uppal, the organizing chairman thanked one and all for making this event a memorable one . Everyone parted with the feeling of joy and looking forward to the next NABICON at Goa .

Glimpses of NABICON 2020

BURN CARE TUTORIALS 2020 NATIONAL ACADEMY OF BURNS-INDIA

NABI has started its online tutorials both for the professionals and public under the dynamic and thoughtful guidance of President, Dr Sanjeev Uppal. The planning was to conduct online sessions for both burn professionals and general public on alternate Sundays and two of the Executive members, Dr Veena Singh and Dr Raj Manas were given the responsibility as NABI Online Webinar coordinators.

The first webinar for specialists was held on 18th October 2020 and it has continued since then. There has been overwhelming response from the professionals towards the online tutorials which includes deliberations from one speaker among burn specialists and another speaker from allied specialities viz. Nephrologist, Pulmonologist, Intensivist, Pain specialist, Dietician, Physiotherapist, etc. To include the specialist opinion from related departments is a unique feature of NABI tutorials. The team has also complied with several requests from NABI members to provide the link of the webinar recordings for burn professionals so that they can watch during their leisure time and get benefited.

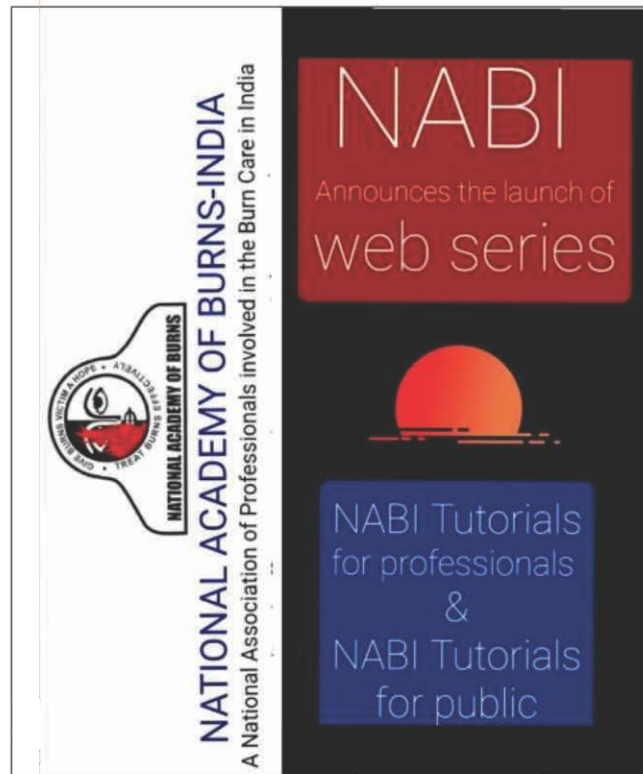

To reach the public and non-medical population, the burn tutorials for general awareness are being live streamed on social media (Facebook) and message is conveyed in the form of Q&A between the Speaker and Moderator. There has been an extremely encouraging response towards the program conducted on social media for the public with approximately 2200 views and 23 shares in a week for first session on “prevention of kitchen burns” and approximately 600-900 views for other sessions.

Sessions conducted till date:

Achievements

Achievement of Burn Unit of Burn Care Foundation, Guwahati 2020

1 Organization of Burn Care Day 2020 -

Organized the 6th Burn Care Day, with a day long program at District Library Auditorium, Guwahati on 12 February 2020 from 9-30 AM onwards. The Chief Guest was Sri Prasanta Rajguru, Editor, Amar Asom, (An Assamese daily) and the Guest of Honor was Dr. A.M. Vartak, Consultant Burn and Plastic Surgeon, Masina and Wadia Hospital, Mumbai. He delivered a talk on Prevention and First Aid in Burns for the students and people in general. An audio-visual talk on problems of Burn patients and their solution was presented by Dr Bhupendra Prasad Sarma, Secretary, Burn Car Foundation. The other highlights of the Day were the participation and narration of experience of the Burn Survivors while undergoing treatment and presentation of a skit on problems of burns by the doctors and nurses of the Burn unit. About 650 students, nurses, doctors and common people attended the program.

2. Training program of doctors and nurses - A Training Program on Essential Burn Care for doctors and nurses was organized on 12 & 13 February 2020 at NEMCARE Hospital, Guwahati. It was a theoretical as well as practical- hands on training program on Essential Burn Care. Thirty doctors and nurses from different parts of the state participated in the program. Besides the doctors from Assam, Dr AM Vartak Mumbai, also participated in the program as faculty.

3. Certificate course on Burn Care for nurses- A six day long Training course, implemented by IL&FS Skills, New Delhi and approved by National Skill Development Corporation (NSDC), under Ministry of Skill Development, Government of India, was organized at NEMCARE Hospital from 15 October to 20 October 2020. 19 nurses from the state participated. They were given certificates after they passed the examination held after the completion of the course.

4. Diwali Burn Prevention Program-

a) A webinar on Prevention of Burns and Air pollution in Diwali was organized by Google Meet on 10 November 2020. The discussion by a number of Burn care personnel was moderated by Dr B P Sarma. There was good interaction amongst the 55 odd participants.

b) Audio-visual presentation on 'Prevention of Burns and Air Pollution in Diwali' has been uploaded for everyone's view in social media like Face book and YouTube.

c) Press Meet and Television Interviews on Safe Diwali and Protection of Environment was organized on 12 November 2020.

Achievements

Dr B D Paliwal
MBBS MD
(Anesthesiology)

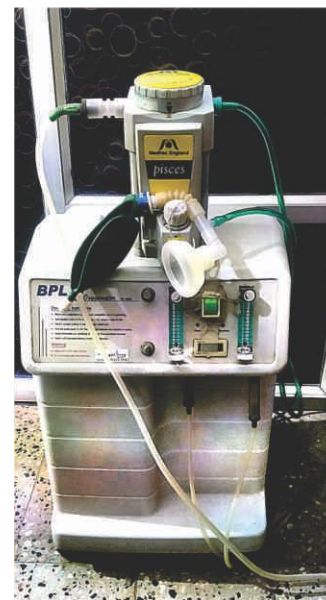

Notable achievements of the year 2020 is the use of Innovative servoflurane vaporizer with oxygen concentrator.

Advantages

- *This is safest anaesthetic drug.
- *It is administered with supply of O₂ concentrated machine .
- *It is non- flammable.
- *Non irritant to patient, pleasant to inhale.
- *Post operative complications are less.
- * This machine can be portable easily . It can be used in radiology department too.
- * It is the most comfortable anesthesia.
- *It is comfortable to anaesthetic , surgeon,patient ,relatives nd hospital owner too economically .
- * It can shifted easily from one floor to another.

Disadvantages

- *Respiratory depression.
- *Nausea, vomiting.
- * Muscle relaxation is unsatisfactory.
- *Sometimes may cause jaw dislocation .

OBITUARIES

Dr. Suresh C. Gupta
05.10.1933 – 04.11.2020

MBBS : 1955 Agra University

M.S. (Surgery) : 1958 Agra University

Dr. Suresh C. Gupta was born on 5th October 1933 in U.P. After a distinguished academic career going through Modern School, Barakhamba Road, Delhi, he graduated from Medical College Agra with Gold Medal and Honours. He was introduced to Plastic Surgery by a person no less than Sir Harold Gillies, in 1959 at Jaipur. Thereafter, from 1960 to 1965 he worked at East Grinstead in England. He was elected a full member of British Association of Plastic Surgeons (BAPS). He joined as Hony. Civilian Consultant in Plastic Surgery to the Indian Armed Forces during the Indo Pak war in 1965. In 1965 he joined Sir Ganga Ram Hospital as an Hony. Plastic Surgeon. From 1965 to 1968 he also worked as Hony. Consultant in Plastic Surgery in Irwin Hospital (now LNJP), New Delhi. He was the first Aesthetic Surgeon of India.

Dr Suresh Gupta was elected President of Association of Plastic Surgeons of India in 1977, at an early age of 44 years. He served on the executive body of the IPRAS, representing India and East. From 1987 to 1996 he served as Director of International foundation of Plastic Surgery. In 1987 he organized the World Congress of IPRAS which was a resounding success. He was awarded the lifetime achievement Award by Association of Plastic Surgeons of India in 2005. In 2011 he was appointed as the Chairman of the Board of Trustees of APSI.

A man of impeccable taste he thrived in dressing as elegantly as he conducted himself. A thorough professional who literally worked till the last day. Dr Gupta was an avid golfer and the weekends were reserved for this passion. He will also be remembered for the 2004 judgement where the criminal liability of a surgeon was redefined and it came as a saviour to the surgical profession in consumer liability.

We pray for the departed soul.

Dr R B Ahuja

Dr. Jyotsana Murthy

Dr. Jyotsana Murthy our NABI member passed away this year. Her passing away has left a void in many hearts. Her absence is being felt not just by us, her friends, but also by the vast number of patients and their families whose lives she touched over the 3 decades she practiced.

I remember her to be someone special and to my mind the finest hand ever amongst all surgeons I have ever seen. I first saw her operating and suturing over 30 years back when I was a general surgery resident and she the plastic surgery one. Her fluidity with the instruments and deft hands left me awestruck.

During her last days she spent her time peacefully at the ISHA foundation. I pray her soul attains moksha

On behalf of NABI, we offer our deepest condolences to her family.

Dr Vinita Puri

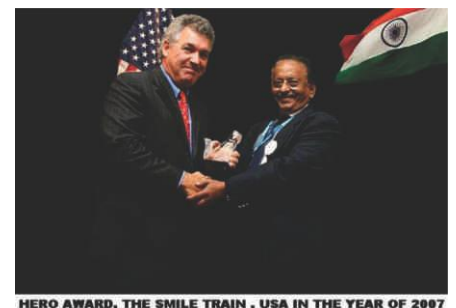

Dr. Panchavarnam

The Plastic Surgery Community lost a noble soul on 26.11.2020 when Dr. N Panchavarnam of Madurai passed away due to Covid. Infection at the age of 76 years..

Born in the town of Sivagangai in Tamil Nadu on 22nd April, 1946 he completed his MBBS at Madras Medical College and thereafter spent his entire professional lifetime in Madurai during his Post Graduation in General Surgery and Plastic Surgery from Madurai Medical College, which he completed in 1990. He retired as a Civil Surgeon from the Government Rajaji Hospital, Madurai and became a full time Consultant at Meenakshi Mission Hospital, Madurai. He started Smile Train project in 2003 at Meenakshi Mission Hospital.

My memory goes to a small conversation I had with Prof. Adenwalla. During a casual conversation I was having with Prof Adenwalla, he asked me "Do you know Dr. Panchavarnam who has applied for Smile Train Project in Madurai?" I replied to him "I personally have not seen him operate Sir, but I know him as a very conscientious surgeon who talks passionately to his patients. I like him as a good person". Prof. Adenwalla said that quality is enough to take care of children. Prof. Adenwalla's words appear to be prophetic because Dr. Panchavarnam personally did over 13,000 Cleft Lip surgeries under the Smile Train. This number becomes even more significant when we consider

HERO AWARD, THE SMILE TRAIN, USA IN THE YEAR OF 2007

OBITUARIES

that Tamil Nadu has a good healthcare system with no great backlog of unoperated clefts in the state. It shows that Dr. Panchavarnam was able to draw patients from far and wide to his centre. That is only possible when the leader is passionate, sets up systems, executes them with care and wins the trust of people. He received the Smile Train Hero award, was specially complimented by our Late President APJ Abdul Kalam.

Dr. Binita Beck, Plastic Surgeon who worked along with him for most of the period at Meenakshi Mission Hospital had this to say when I asked her “What is the one thing which you remember which reflects his character the most?” Dr. Binita said “Dr. Panchavarnam was peoples’ man”. As he walked along the corridor of the hospital he will be saying “Hello” and a good word to at least 30-40 persons before reaching

the Plastic Surgery ward. He was genuinely concerned about patients and used to do rounds even on Sundays”. He was kind to patients and to him his life's mission was work. He was active and even post joint replacements always used the stairs.

He was married to Mrs Jothimani and they were a great couple. They attended all APSICON meetings together and APSICON regulars will really miss the sight of both walking together. I spoke to him about 2 weeks before his demise and we discussed about the secondary correction of nose of cleft lip children. I always found him to be a man with simple plans. The passion and commitment with which he executed them led to excellence. This reflected not only in his clinical work but even in his presentations.

We will miss you Dr Panchavarnam and on behalf of thousands of families in whose lives you made a difference I say thank you for being what you were.

Dr. S Raja Sabapathy

Major Prof. N. Mahendran who passed away in 1.11.2020, was born on 6.7.35. in a village named Sendarapatti, Salem district in Tamilnadu. He graduated from Madurai Medical College – 1955 batch. He had his masters from Madras Medical College -1975. Served in the army in 1965 through Madras public service commission. He held major rank and employed as RMO (Regimental Medical Officer) under emergency commission, New Delhi. He served from 1965 to 1971 in the army. Joined as Lt. General and retired as Major. He worked with Prof.R.Venkataswami in Stanley Medical College in 1972 and served for 3 years. He joined Mch (Plastic surgery) in Madras Medical College under Prof. C.R.Sunderarajan and passed out. He was elevated to Reader in Plastic Surgery, Coimbatore Medical College and Madurai

Prof.N.Mahendran Medical College and later joined as associate professor in Madras Medical College and retired in 1994. I had his acquaintance in 1973, when I joined with Prof.Venkataswami as assistant surgeon. He was very kind, polite gentleman but his appearance is totally otherwise.

Always trustable as an army doctor and friendly. He taught me the basics of hand surgery. He was a polite man but very strict in dealing with junior staff and the departmental activities. He had never any fear to express his ideas. The decision making of clinical cases was good. He also took part in administration. Though he appears tough, he was very polite and kind. I had contact with him till his last days. He got married in 1965 to Mrs.Vishalakshi alias Bhavani, who left him in 1975 with 2 kids, Kalyani and Vishwapriya. He remained Bachelor till his end and took after his two daughters. He educated them well. He breathed his last on 1.11.2020 leaving behind his brother’s family and his family and 4 grandchildren.

एसिड से जलने पर घबराएं नहीं

एसिड/केमिकल से प्रभावित हिस्से पर तुरंत सादा पानी डालें। ध्यान रहे पानी की धार तेज़ न हो

या

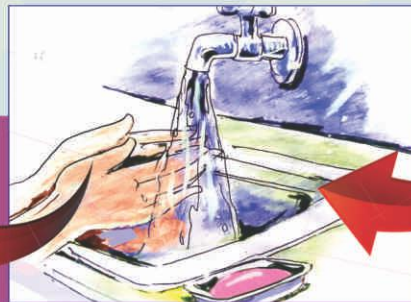

हो सके तो पानी डालने से पहले एसिड से प्रभावित कपड़े, गहनें को दस्ताने या साफ कपड़े आदि से हटा दें

ऊपर दिखाई गई प्रक्रिया को 10 से 20 मिनट तक या जलन शांत होने तक करते रहें

पीड़ित को नज़दीकी स्वास्थ्य केन्द्र में तुरंत ले जाएं

पीड़ित की देखभाल के बाद अपने हाथ अच्छे से धो लें

जले हुए हिस्से को साफ कपड़े से ढीला लपेट दें

हमेशा ध्यान रखें कि एसिड/केमिकल प्रभावित हिस्से से बहता पानी आपके शरीर या पीड़ित के अप्रभावित हिस्से पर न गिरे

DO NOT PANIC ON ACID BURNS

Immediately pour water on the area affected with acid/chemical. Keep the flow of water slow & do not splash water on the victim

OR

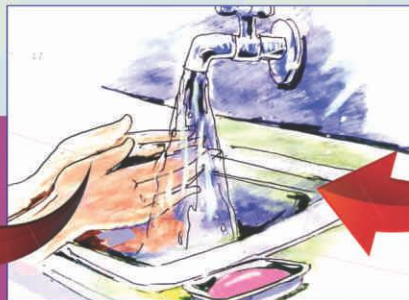

If possible remove clothing or jewellery contaminated by the acid/chemical before pouring water, with gloves or clean cloth etc

Continue the above process for 10-20 minutes or till burning sensations subside

Shift the patient immediately to the nearest health center

Wash your hands thoroughly after taking care of the patient

Wrap the burnt area loosely with a clean cloth

Always ensure that the water falling from the acid burnt area does not go to yourself or the unaffected areas of the body of the victim
