

25th Annual Conference of NABI-'NABICON 2017'

The Silver jubilee conference of NABI –NABICON 2017 was held at PGIMER and RML Hospital, New Delhi . This was the first conference held under the aegis of National programme for burn prevention and DGHS, Ministry of health which was co-hosted by 2 major hospitals of the city (Lok Nayak and RML Hospital).

The meeting was attended by almost 300 delegates, 9 international and 25 national faculty. There was a pre conference programme for nurses on 2nd February . A workshop on laser Doppler mapping of burn wound , burn wound excision , meek grafting etc was organized on the first day which was attended in large numbers .Keeping in mind the theme of the conference “Saving Lives and beyond”, there was a full session on National Programme for Prevention and Management of burn injuries and one session on Burn registry. There were lectures on economic burden and costing of burn care , success stories of burn care delivery in the periphery , thus justifying the fact that there is more to burn care than clinical management alone. The whole scientific programme was based on symposium model with multiple speakers on every issue .

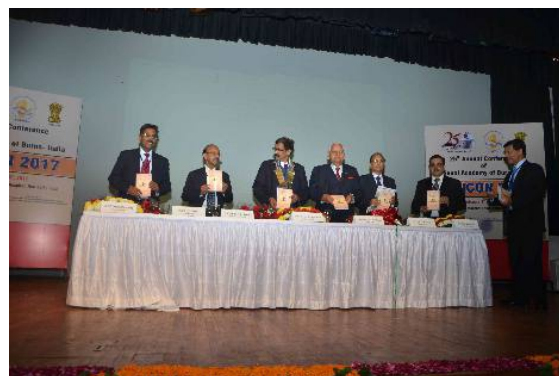

The DGHS was the chief guest at the inaugural function where all the past presidents of NABI were felicitated on stage .The executive body meeting and General Body meeting were held as scheduled. All in All the conference was a huge success .
